YMCA SUMMER DAY CAMPS

MCBURNEY PROGRAM GUIDE
New York City’s YMCA
Dear Parents/Guardians,

We welcome all of our returning and new campers to our 2017 Summer Camp Programs. We are excited to embark upon another summer of fun and learning with you and your children.

From sports and swimming to arts and culture, YMCA camps span a broad range of interests, while focusing on developing young minds and bodies.

In 2016, the YMCA served over 12,000 campers in communities throughout New York City. We are proud that the McBurney YMCA will be able to engage your child in a summer of new friendships, skills and exploration.

Thank you for choosing our Y summer camp. We look forward to getting to know your camper!

Sincerely,

Jacquelina Bravo
Youth & Family Director

Welcome to YMCA Summer Camps

In 1885, the YMCA helped to invent summer camp to provide children with positive and fun experiences that build confidence and new friendships. YMCA camp staff have served as positive role models for generations of campers and helped build future leaders.

The centerpiece of YMCA camps are activities that excite and engage your child, giving them a summer filled with fun and adventure. Whether learning a new sport, discovering arts and culture or exploring the best of New York City, YMCA Summer Camps offer an opportunity to build wonderful lifelong memories and a feeling of community that will last beyond the summer.

Each of our camps is accredited by the American Camp Association (ACA) and our staff go through rigorous training to ensure the safety and positive experience of each child.
"I love the fact that my daughter wakes up at 6 am and says ‘I’m ready!’ as she looks forward to another day at camp.”

— YMCA SUMMER CAMP PARENT

Our YMCA camps have something unique to offer every age group, from our Kindercamp Programs to Teen Camp.

Our goal is to meet your child’s developmental needs and provide a foundation for continued learning during the summer months.

Alongside sports, swimming and arts programs, the YMCA offers academic enrichment that is infused throughout the camp day. These programs include summer reading, journal writing and science activities.

Each session you will be given a schedule of activities so you can follow your child’s course of learning and adventure over the summer.

The McBurney YMCA Summer Day Camp operates out of PS 41 location at:

116 West 11th Street
New York, NY 10011

We also offer programs at other locations that provide the same quality programs and services.

Situated on 1,000 acres of forest, fields, and lakes our Summer Sleepaway Camp is located just 90 minutes northwest of NYC in Huguenot, NY. Designed for youth ages 6–15, our camp serves families from all over the world. In addition to our traditional sleepaway camp programs we also offer Gymnastics, Volleyball, Judo, Musical Theater, and Soccer camps. There are also great leadership development programs for teens.

McBurney YMCA Day Camp  AGES 6-11
Campers engage in activities that enhance their social and emotional skills, keep them physically active, challenge them academically, and inspire them to learn new things every day with lifelong friends in New York City. They participate in various sports, arts and crafts, and weekly themed days such as Super Hero Day, and learn about science, technology, engineering, and math during each session.

Research has shown that children may lose a half grade of learning over the summer months. To mitigate summer learning loss, the YMCA helps children retain and expand the academic skills they develop during the school year by offering interactive programs such as Book of the Week, journaling, science experiments, and math lessons. These lessons come alive with exciting field trips to museums and science centers across New York City that spark creativity and imagination in everyday learning, the YMCA way!
